## Welcome to Wide Area Workflow!

start by selecting one of the links from the menu above.

### WARNING!

- If using a word processor program (i.e. Microsoft WordPad, Microsoft Write, etc.) to create FTP files, EDI files, or to cut-and-paste text field data into the WAWF Web application, then the text must first be cut/copied into a text editor application and pasted into Microsoft Notepad, or another ASCII text editor and saved in the text editor, before sending the data to WAWF. This converts the text to text-only format and removes all control characters that contain formatting information.
- Please DO NOT use the browser BACK BUTTON when using the WAWF application.
- The use of the browser's BACK BUTTON is not supported within the WAWF application when completing electronic forms.
- Use of this button will cause the loss of data not yet saved to the server.
- Where they exist, use the PREVIOUS or RETURN buttons to return to a previous page within the WAWF application.
- In data capture and when reviewing documents, you may move from tab to tab to work with the various information categories, e.g., Document Header, Addresses, Comments, Line Items, etc.

This demonstration provides an overview of the ECP0668 changes for creating a Property Transfer Document as a Government Property Receiver.

ECP 0668 provides the capability to uniquely correlate an acquisition item to a Major Weapon System.

This presentation contains audio narrative. Please adjust your volume accordingly.

Wide Area Workflow - Help - Microsoft Internet Explorer provided by CIS of CACI, Inc. - Federal

https://bulldog.caci-op.com/html/property/LineItemHelp.html

Stock Part No. *	Field	the Stock Part Number is required regardless of whether the part had a part number. This is due to the back-end requirements for electronic reporting to the various payment systems. If the Initiator's contract is for services, and there is no NSN listed in the contract to cover the services, then enter the word "NONE" or "Services" in the Stock Part Number field and select the Stock Part Number Type Code of "SV." The Stock Part Number must be 1 to 25 alphanumeric characters. However, if the Stock Type has a value of "FS," then the Stock Part Number can be 13 to 18 alphanumeric characters.
Type *	Dropdown	Dropdown containing Stock Part Number Type code and description. The associated Stock Part Number Type Code is used to quantify the Stock Part Number and identify it.
Qty. Shipped *	Field	Enter the quantity shipped, using the unit of measure in the contract for payment.
Unit *	Field	Enter the abbreviation of the unit measure as indicated in the contract for payment.
Unit Price (USD)	Field	Enter the Unit Price. This is the price of the individual items. This price is multiplied to the Quantity Shipped to derive the Amount for the line.
Amount (USD)	Field (readonly)	Amount (USD) is automatically calculated and displayed.
