

Welcome to Wide Area Workflow!

Please start by selecting one of the links from the menu above.

WARNING!

- If using a word processor program (i.e. Microsoft Word, WordPerfect, Microsoft WordPad, Microsoft Write, etc.) to create FTP files, EDI files, or to cut-and-paste text field data into the WAWF Web application, then the text must first be cut/copied out of the word processor program and pasted into Microsoft Notepad, or another ASCII text editor and saved in the text editor, before sending the data to WAWF. This converts the text to text-only format and removes control characters that contain formatting information.
- Please DO NOT use the browser BACK BUTTON within the WAWF application.
- The use of the browser's BACK BUTTON is not supported within the WAWF application when completing electronic forms.
- Use of this button will cause the loss of data not yet saved to the server.
- Where they exist, use the PREVIOUS or RETURN buttons to return to a previous page within the WAWF application.
- In data capture and when reviewing documents, you may move from tab to tab to work with the various information categories, e.g., Document Header, Addresses, Comments, Line Items, etc.

This demonstration provides an overview of the ECP0668 changes for creating a Receiving Report as an Inspector.

ECP 0668 provides the capability to uniquely correlate an acquisition item to a Major Weapon System.

This presentation contains audio narrative. Please adjust your volume accordingly.

The Help Page has a link to open a Type Designation Value Validations document that shows the valid format to use.

The Inspector clicks the 'here' link.

NOTES:

1) Condition of a Zero Lot Line Item: The user creates a zero lot line item. The quantity shipped is 0 and Unit of Measure is LO. The user must balance MILSTRIPs, UICs, and Pack quantities against the Actual Quantity field instead of the Quantity Shipped. In addition, within the zero lot functionality the user must manually enter the unit price amount within the unit price field. The entered amount will be populated to the amount field.

2) Mark For Code, Mark For Rep and Mark For Secondary will be available at the CLIN level if the Pay System is 'EBS', Acceptance is by 'DSS' and the Admin By is not 'DCMA'.
