This is an overview of the changes made to the WAWF application for ECP0672, changes for reporting embedded items on the Repairables Receiving Report and Repairables COMBO.

Embedded items on the Repairables Receiving Report and Repairables COMBO are to include Government Furnished Property.

Embedded items on the Repairables Receiving Report will function exactly as Embedded items function on Receiving Reports in WAWF today

This presentation contains audio narrative. Please adjust your volume accordingly.
