

## Welcome to Wide Area Workflow!

Please start by selecting one of the links from the menu above.

### WARNING!

- If using a word processor program (i.e. Microsoft Word, WordPerfect, Microsoft WordPad, Microsoft Write, etc.) to create FTP files, EDI files, or to cut-and-paste text field data into the WAWF Web application, then the text must first be cut/copied out of the word processor program and pasted into Microsoft Notepad, or another ASCII text editor and saved in the text editor, before sending the data to WAWF. This converts the text to text-only format and removes control characters that contain formatting information.
- Please DO NOT use the browser BACK BUTTON within the WAWF application.
- The use of the browser's BACK BUTTON is not supported within the WAWF application when completing electronic forms.
- Use of this button will cause the loss of data not yet saved to the server.
- Where they exist, use the PREVIOUS or RETURN buttons to return to a previous page within the WAWF application.
- In data capture and when reviewing documents, you may move from tab to tab to work with the various information categories, e.g., Document Header, Addresses, Comments, Line Items, etc.

This presentation provides an overview for creating a Government Receiver created Property Transfer Document, from Template.

The Property Transfer Receipt provides accountability and reporting of Government property.

The Government Receiver creates a Property Transfer Receipt when no Property Transfer Shipment document has been created and submitted to WAWF.

The Government Receiver will both create and accept the shipment with this document.

This presentation contains audio narrative. Please adjust your volume accordingly.

## Government Property Receiver - Property Transfer Document

### Workflow Selection

\* Asterisk indicates required entry.

#### Select Property Transfer WorkFlow: \*

- Receipt by DoD, without shipment document in WAWF, from Contractor
- Receipt by DoD, without shipment document in WAWF, from DoD

WAWF's Property Transfer document accounts for transfer of property in two scenarios:

- 1) Receipt by DoD from Contractor
- 2) Receipt by DoD from DoD (also known as D2D)

"Without Shipment Document in WAWF" means that you, the Receiver, must create a receipt because the Shipper has not created a Property Transfer document. The Shipper-initiated document would have shown up in your Receipt Folder with a status of "Submitted."

The information you need to complete a document in WAWF comes from your contract or form and your knowledge of the applicable business processes.

If you already complete paper-based documents, you'll find that completing a document in WAWF doesn't require any new or different information.

The Government Shipper may use the Form DD 1149, the Form DD 1348-1, or some other approved form to provide the data to key into the WAWF forms.

In some cases, you may see fields in WAWF asking for information you have not supplied in the past. If this information is not required by your business process, leave the fields blank.

Search For:

Template

Shipment No.

Active Documents Archived Documents

Use your Form DD 1149, Form DD 1348-1, or some other approved form to key in data into these fields. WAWF routes documents electronically using the location codes so make sure the information is correct according to the latest information.

Depending on the selected workflow, the Gaining Contract Number may either be optional or not applicable. 1) For 'Receipt by DoD, without shipment in WAWF, from Contractor' scenario, the Gaining Contract Number is not applicable. 2) For 'Receipt by DoD, without shipment in WAWF, from DoD' scenario, the Gaining Contract Number field is optional. Note: For the 'Receipt by DoD, without shipment in WAWF, from DoD' scenario, the Gaining Contract Number is optional. In this case, a 'Transfer Document Number' on the Header Page is required instead of the Shipment Number.

Depending on the selected workflow, the Losing Contract Number may either be required, or not applicable. 1) For 'Receipt by DoD, without shipment in WAWF, from Contractor' scenario, the Losing Contract Number is required. 2) For 'Receipt by DoD, without shipment in WAWF, from DoD' scenario, the Losing Contract Number field is not applicable.

Government Property Receiver - Property Transfer Document - Receipt by DoD, without shipment document in WAWF, from Contractor

Search For:

Template Shipment No. Active Documents Archived Documents

Depending on the selected workflow, the 'Shipper' Location Code may either be optional or required. 1) For 'Receipt by DoD, without shipment in WAWF, from Contractor' scenario, the 'Shipper' Location Code is required. 2) For 'Receipt by DoD, without shipment in WAWF, from DoD' scenario, the 'Shipper' Location Code is optional.

The 'Ship To' location code is an optional entry. However, if left blank, it will be defaulted to the the 'Receiver' location code. The 'Ship From' location code is an optional entry. However, if left blank, it will be defaulted to the the 'Shipper' location code. Note: You do need to enter the Ship From Code (source of shipment) and the Ship To Code (destination of shipment) if these locations are different from the Shipper code and/or the Receiver Code.

Search For:

Template

Active Documents  Archived Documents

**Shipment No.**

Enter the required fields.

Note:  
 The 'Template' option allows you to populate the data from a previously submitted Property Transfer document. When you choose this method, WAWF will automatically fill in fields for routing information and Line Item data taken from the template document. This pre-population reduces repetitive keystrokes and data errors.

When creating a document from the template, enter the required Contract Numbers and Delivery Order Numbers, if applicable, select required Location Codes, and check the Template checkbox. Narrow the search by entering a specific Shipment Number.
