

Welcome to Wide Area Workflow!

Please start by selecting one of the links from the menu above.

WARNING!

- If using a word processor program (i.e. Microsoft Word, WordPerfect, Microsoft WordPad, Microsoft Write, etc.) to create FTP files, EDI files, or to cut-and-paste text field data into the WAWF Web application, then the text must first be cut/copied out of the word processor program and pasted into Microsoft Notepad, or another ASCII text editor and saved in the text editor, before sending the data to WAWF. This converts the text to text-only format and removes control characters that contain formatting information.
- Please DO NOT use the browser BACK BUTTON within the WAWF application.
- The use of the browser's BACK BUTTON is not supported within the WAWF application when completing electronic forms.
- Use of this button will cause the loss of data not yet saved to the server.
- Where they exist, use the PREVIOUS or RETURN buttons to return to a previous page within the WAWF application.
- In data capture and when reviewing documents, you may move from tab to tab to work with the various information categories, e.g., Document Header, Addresses, Comments, Line Items, etc.

This demonstration provides an overview of the "Lookup" dropdown navigation menu.

This presentation contains audio narrative.
Please adjust your volume accordingly.

Defense Contract Audit Agency

DCAA

Dedicated to providing timely and responsive audits and financial advisory services

In Support of our National Defense

The Defense Contract Audit Agency, under the authority, direction, and control of the [Under Secretary of Defense \(Comptroller\)](#), (USD (C))/Chief Financial Officer (CFO), Department of Defense.

The DCAA, while serving the public interest as its primary customer, shall perform all necessary contract audits for the Department of Defense and provide accounting and financial advisory services regarding contracts and subcontracts to all DoD Components responsible for procurement and contract administration. These services are provided in connection with negotiation, administration, and settlement of contracts and subcontracts to ensure taxpayer dollars are spent on fair and reasonable contract prices. The DCAA shall provide contract audit services to other Federal agencies as appropriate.

Field Audit Office (FAO) Locator

By clicking the menu link "Audit Office Locator," the DoDAAC search page opens. Enter a zip code and click on the office name to view its DOD Activity Address Code (DoDAAC).

This application allows you to find the FAO(s) assigned to a given: CAGE, DUNS, or Zip code. This application is NOT for requesting DCAA services. This application also displays the DCAA DoDAAC (DoD Activity Address Codes) used in the Wide Area Work Flow (WAWF) or other electronic billing systems.

This application does NOT identify any DCAA Field Detachment (FD) offices responsible for auditing classified contract effort. Please call the FD-Special Programs Division at (703) 227-9056 or (703) 227-9045 for assistance with that type of contract.

Look up the cognizant DCAA FAO by CAGE code, DUNS code, or ZIP code below.

- (1) Select the type of search you want to perform: CAGE Code DUNS Code ZIP Code
- (2) Enter the number:

DCAA Office(s) Using ZIP Code 32202

DCAA Office	Street	City	State	Email	Phone	FAX	Zip
Space Coast Branch Office	6767 N. Wickham Road, Suite 507	Melbourne	FL	dcaa-fao1311@dcaa.mil	321-752-2426	321-253-8571	329402025

Click the office name to view its DoD Activity Address Code (DoDAAC). Please note that some offices use multiple DoDAACs or DoDAAC Extensions. Contact the identified audit office to determine the appropriate code.

[Help](#)

The myInvoice web page is displayed.

[Home](#) [Instructions](#) [News](#) [F.A.Q.](#) [Links](#)

Additional information regarding accessing myInvoice: Java 7 does not currently work with Oracle Forms and Reports, so a high version of Java 6 is required - see link for Java version 6 update 29: <http://www.oracle.com/technetwork/java/javase/downloads/jre-6u29-download-513650.html>.

For myInvoice users receiving a certificate error, you may also need to run DoD certificates available at the following link: http://iase.disa.mil/pki-pke/function_pages/tools.html. (Your servicing Information Technology personnel may have to install for you as administrative privileges are required. Click on the above link, then scroll down to the last section on the page (the section is titled Trust Store Management). Click once on InstallRoot 3.15A, then click on (ZIP download) SIZE: 240 KB in light blue letters. When the "File Download" dialog box appears, click "Open". Scroll down to the file named InstallRoot_v3.15A.exe (which should be identified as Type: Application) and double click on it. It will take just a few seconds to run, then attempt to access the myInvoice website again.

Expected myInvoice security changes for August 2012:

- password requirements to lengthen, strengthen and conform to DoD Policy;
- enforce 30-day limit for nonuse before requiring password reset and;
- limit logon sessions to one per user at any time.

Additional detailed information and notices will follow as the time nears.

GFEBs is now reporting 90 days of paid invoice data to myInvoice.

NOTICE: All "FAS and AVEDS" FUELS customer inquiries should be directed to the Centralized Customer Care Center at 1-800-756-4571 option 2 and option 2, effective January 1, 2012.

Questions specifically related to invoice status/payment issues and data reported to myInvoice should be directed to your servicing payment processing office: <http://www.dfas.mil/dfas/contractorsvendors/phonenumbers.html>.

For myInvoice account or website access issues, please contact the DFAS Systems Support Helpdesk at: CCO-SYSTEMS-SUPPORT-HELPDESK@DFAS.MIL or 1-877-692-5260 (614-693-4899, DSN 869-4899).
